Filed: July 28, 2023

Jeffrey S. Pop, Jeffrey S. Pop & Associates, Beverly Hills, CA, for Petitioner.

Nina Ren, U.S. Department of Justice, Washington, DC, for Respondent.

RULING ON ENTITLEMENT¹

On February 19, 2021, Andera Smith filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a Table shoulder injury related to vaccine administration (“SIRVA”), as the result of a tetanus-diphtheria-acellular pertussis (“Tdap”) vaccination she received on December 28, 2020. Petition at 1. Petitioner further alleges the vaccine was administered within the United States, that she suffered the residual effects of her injury for more than six months, and that there has been no prior award or settlement of a civil action on her behalf as a result of her injury. See Amended Petition, filed August 31, 2021, at ¶¶ 6, 33-35. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

On July 26, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent indicates that he

has reviewed the petition and medical records filed in this case and has concluded that compensation is appropriate. DICP has concluded that [P]etitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table. Specifically, [P]etitioner had no history of pain, inflammation, or dysfunction of her left shoulder prior to vaccination; pain occurred within 48 hours after receipt of an intramuscular vaccination; pain was limited to the shoulder in which the vaccine was administered; and no other condition or abnormality has been identified to explain [P]etitioner's shoulder pain.

Id. at 8 (citing 42 C.F.R. §§ 100.3(a), (c)(10)). Respondent further agrees that "[P]etitioner suffered the residual effects of her condition for more than six months." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
